ISE429. Homework 3

Unless stated otherwise, the problems are from the Ross textbook (11th edition):

1) (weight 0.15) 4-70.

2) (weight 0.15) 4-76.

3) (weight 0.15) 6-37.

4) (weight 0.20) 6-43.

5) (weight 0.15) 7-36 (a,b). *Comment: Assume that the distribution of each H_i is continuous.*

6) (weight 0.20) 7-39.
